### (RVSCET ALUMNI ASSOCIATION (RVSCETAA))

The Institute has a registered Alumni Association for building strong bond between alumni and present students. The alumni provide support to the students through interaction, financial funding, guidance and placement. The Alumni Association of the Institute is registered in the name RVS College of Engineering and Technology Alumni Association. This was registered under the Tamil Nadu Societies Registration Act, 1975 (Tamil Nadu Act 27 of 1975) with Society No. 148/2014. The office of RVSCETAA is in the premises of RVS College of Engineering and Technology, Kumaran Kottam Campus, Kannampalayam, Sullur, Coimbatore 641402, Tamil Nadu, India. The mission of the Alumni Association is to foster a mutually beneficial relationship between the Institute and its alumni. Alumni general body meet is planned on fourth quarter of every year.

#### **Objectives of the Alumni association:**

- To encourage and promote close relations between the Institution and its alumni and among the alumni themselves.
- To promote and encourage friendly relations between all members of the alumni body, an interest in the affairs and well-being of the Institution.
- To provide and disseminate information regarding their Alma Matter, Faculties and students, to the alumni.
- To assist and supporting the efforts of the Institution in obtaining funds for development.
- To serve as a forum through which alumni may support and advance the pursuit of academic excellence at the Institution.
- To guide and assist alumni who have recently completed their courses to obtain employment and engage in productive pursuits useful to society.

#### **Activities and Contributions:**

- Alumni are invited for meetings at the college and they interact with students and faculty and express their suggestions on knowledge improvement.
- Alumni gave Guest lecturers to the students on current contemporary technological developments and career guiding focuses.

**Online Alumni Guest Lecture- Report**

Title: Introduction to Embedded Systems

Date: 23.11.2022

Chief Guest: Mr.UMA SELVAN P, Alumni-EEE, (Batch 2017-2021), Embedded developer, Crisp systems India Pvt Ltd. Coimbatore

Organizers: Department Electrical and Electronics Engineering

Mode: ONLINE

**Objective :**

This Guest Lecture on "Introduction to Embedded Systems" provides a platform to learn the basics and application areas of Embedded Systems. It aims to provide the different types of applications and advanced processors used in Embedded System.

**Report:**

The department of EEE, in association with RVSCET Alumni Association organized an online Alumni Guest Lecture on the topic "Introduction to Embedded Systems" on 23 Nov 2022. Program began with a Welcome address by Dr. L.Senthil Murugan, Assistant Professor, Department of Electrical and Electronics Engineering. Mr.UMA SELVAN P, Alumni-EEE, (Batch 2017-2021), Embedded developer, Crisp systems India Pvt Ltd. Coimbatore, was the resource person. The students of EEE participated in the program and enriched their knowledge in the subject.

During the lecture, Mr.UMA SELVAN P spoke about various applications of embedded systems, ranging from simple home automation to satellites. He explained to the students about how the embedded system evolved, what are the challenges it poses and what are the opportunities it creates to budding electronics engineers. He made the students realize that technological developments and improvisations are essential part of every engineer's life, and said that an engineer should cultivate the ability to grasp the ideas sooner and be able to modify the existing technology into much efficient and convenient ones. He said that one thing which is constant in life is change, and hence motivated the students to keep learning new technologies and adapt to

the market needs. He also gave some tips to the students on what an industry expects from a fresh electronics engineer and methods to cultivate the same.

### Outcome:

The participants have acquired knowledge on Embedded Systems and the real time applications and also about the advanced tools needed to develop IOT.

## Report of “one day workshop on Emerging Technologies in IoT with sensory systems”

held on 03-02-2023

The Department of Computer Science and Engineering has organized a WORKSHOP on “Emerging Technologies in IoT with sensory systems” on 03-02-2023. The trainer started the session with introduction about IoT and sensor devices. he explained about Various tools like raspberry pi used in IoT design. Then he detailed about how does the inter disciplinary domains like electrical and mechanical role in IoT. He briefly explained about channel relay and its process.

Totally 51 Participants attended the workshop from CSE department, RVS college of Engineering & Technology. We have received very good feedback from the participants that it was very informative. The hands on training was an initiative one in understanding and designing IoT related projects.
